Does your project address one or more AFSAR priority species*? Please identify which species (check all that apply):

- Black Ash (COSEWIC-Assessed)
- Blanding's Turtle
- Caribou (Boreal)
- Caribou (Eastern Migratory) (COSEWIC Assessed)
- Eastern Wolf
- Lakeside Daisy
- Little Brown Myotis

- Massassauga Rattlesnake (GLSL & Carolinian)
- Monarch
- Northern Myotis
- Red Knot
- Tri-coloured Bat
- Western Chorus Frog

*Note: if you are proposing a project that does not address one or more of the above priority species, it is unlikely to receive AFSAR funding in 2020-2021

Proposed activities: Briefly describe the project—goals, objectives, activities, methods, budget estimates partnerships and time frame.

Permitting: It is your responsibility to acquire the necessary permits for the proposed project.

Have you considered the permits that need to be acquired prior to initiation of project activities?

YES NO

Note that funding decisions are not guaranteed to be made in time for the beginning of the field season, and as permits take time to arrange, you should address this need several months before the project start date to reduce delays once a funding announcement is made. Refer to the AFSAR Application Guidelines or contact your AFSAR regional coordinator if you have concerns.

Email completed form to the ECCC [AFSAR Regional Coordinator](#). There is no formal deadline to submit an EOI, but earlier submissions are strongly encouraged to allow adequate time for feedback.
